

UNIVERSITÀ
DEGLI STUDI
DI PADOVA

Curriculum Vitae

Family Name: Piazza

Given Name: Martina

Nationality: Italian

Date of birth: 20/07/1995

E-mail: martina.piazza.1@studenti.unipd.it

Education:

- PhD in Animal and Food Science, Università di Padova (2019-)
- M.Sc. Master's in Animal Sciences (2017-2019)
- B.Sc. Bachelor's in Animal Sciences (2014-2017)

Research areas:

- Dairy cattle
- Crossbreeding
- Productivity of dairy cows

PhD project:

Within the frame of the dairy sector, the research topics of the Ph.D. involve the study of novel traits useful for better characterize the milk quality attributes and for management and selection of dairy cows. Namely, the first year of the course has dealt with a detailed characterization of the mineral profile of milk of purebred and crossbred cows and with the development and evaluation of productivity indicators of dairy cows involving production, body size, and condition score of purebred and/or crossbred cows.

Supervisor:

Luigi Gallo
