DI PADOVA

Curriculum Vitae

Family Name: Benedet
Given Name: Anna
Nationality: Italian
Date of birth: 06/03/1991
E-mail: anna.benedet@phd.unipd.it

Education:

- Bachelor and Master degrees in Animal Science and Technology, University of Padova;
- PhD student in Animal and Food Science, University of Padova.

Research areas:

- Bovine metabolic disorders
- Infrared spectroscopy
- Milk production and quality
- Animal genetics and genomics

PhD project:

My Phd project concerns the study of ketosis, a frequent metabolic disorder in dairy cows. The research activity aims at investigating phenotypic and genetic

aspects regarding ketosis indicators in blood and milk, and their relationships with health, reproductive and productive performance of dairy cows.

Supervisor:

Prof. Massimo De Marchi
